

Job Placement Program

Learn Anywhere,
Achieve Everywhere!

ABOUT THE PROGRAM

Our program caters to ambitious professionals seeking a career switch and growth in **App Development, Data Science & AI, and Full Stack Software Development**. We emphasize hands-on learning, industry knowledge, and practical applications through real-life examples, including statistics, data mining, and programming languages. Our mission is to provide affordable and industry-focused education, empowering India's workforce for success.

Our Program Ensures 100% Guaranteed Job Referral for Graduates' Career Success.

Gain Crucial Skills through Immersive and Practical Learning in Our Program. Explore Industry Challenges and Solutions through Real-world Case Studies in Our Program.

WHY CHOOSE US

INDUSTRY - FOCUSED

Master domain-specific skills through hands-on industrial projects, standing out from the competition and attracting recruiters' attention.

INNOVATIVE PROJECT LAB

Collaborate with experts from MNCs and MAANG companies in online and offline project sessions across multiple cities.

CAREER TRANSITION

Empowering working professionals to reach new heights while leveraging their existing experience and designation.

PERSONALIZED GUIDANCE

Experience live interactive sessions and individual attention from industry experts, backed by 24/7 technical support.

EXTENDED ACCESS

Gain unlimited access to learning materials, live batches, and project sessions for three years. Flexibility to switch between weekdays and weekends.

COURSE OVERVIEW

1

App Development :

Master the art of building innovative mobile applications through hands-on learning and industry-relevant skills.

2

Data Science & A.I. :

Leverage the power of data and artificial intelligence to drive insights and intelligent decision-making.

3

Full Stack Software Development:

Gain expertise in front-end and back-end development to create seamless and scalable software solutions.

PROGRAM HIGHLIGHTS

WHY CHOOSE APP DEVELOPMENT PROGRAM?

Our Program Ensures 100% Guaranteed Job Referral for Graduates' Career Success.
Gain Crucial Skills through Immersive and Practical Learning in Our Program.
Explore Industry Challenges and Solutions through Real-world Case Studies in Our Program.

In-Demand Skills

App Development offers highly sought-after skills in today's digital landscape.

Industry-Relevant Curriculum

Stay up-to-date with the latest trends, technologies, and best practices in the app development field.

Career Opportunities

The program opens doors to lucrative career paths in the thriving mobile app industry.

Future-Proof Your Career

With the increasing reliance on mobile technology, app development skills ensure long-term career viability.

Practical Learning

Gain hands-on experience through real-world projects, enhancing your practical app development skills.

Program Fees

INR. 114,000 (inclusive of GST) The above mentioned fees includes -Job training for 4 months Job placement training for 3 months -5 job interviews Resume Building Services.

Innovation and Creativity

Learn to unleash your creativity by building unique and technologically advanced mobile applications.

Program tenure 7 months

Program tenure 7 months breakdown:
Technical training - 4 months
Job placements - 3 months

APP DEVELOPMENT (FLUTTER) JOB PLACEMENT PROGRAM

- Introduction to Flutter
- Introduction to Dart
- Control Flow and Functions in Dart - If statements, Logical Operators, For Loops
- Object-Oriented Programming - Introduction
- Object-Oriented Programming - Intermediate - Inheritance Concepts
- Object-Oriented Programming - Advanced - Abstract and Interface Concepts
- Data Structures and Collection
- Building Flutter Apps - Flutter Fundamentals
- Flutter Stateful Widgets
- Flutter Basics (Quiz App)
- Running Apps on Different Devices & Debugging Apps
- Responsive & Adaptive User Interfaces and Apps
- State Management [SHOP APP]
- Working with User Input & Forms [SHOP APP]
- Sending Http Requests [SHOP APP]
- Adding User Authentication [SHOP APP]
- Adding Animations [SHOP APP]
- Using Native Device Features (Camera, Maps, Location, ...) [GREAT PLACES APP]
- Running Native Swift, ObjectiveC, Java or Kotlin Code

WHY DATA SCIENCE DEVELOPMENT PROGRAM?

Create magic with your fingertips and develop unique, technologically sound applications to be used in smartphones. In an online world, be the LEADER!

Gain In-Demand Skills

Master data science essentials and stay ahead in a rapidly evolving industry.

Hands-On Learning

Experiential education that engages learners through practical, interactive experiences and activities.

Real-World Projects

Apply your knowledge to solve practical problems and build a strong portfolio.

Flexible and Convenient

Study from anywhere, online, and access course materials anytime, anywhere.

Expert Mentorship

Learn from experienced professionals who guide and support your learning journey.

Program Fees

INR. 79,999 (inclusive of GST)
The above mentioned fees includes
-Job training for 4 months - Job placement training for 3 months
-5 job interviews
- Resume Building Services

Career Opportunities

Abundant prospects for professional advancement and growth in diverse industries.

JOB PLACEMENT

100% GUARANTEED JOB REFERRAL

We have partnered with 1200+ Top MNC'S & FinTech Startups across the globe to offer genuine job leads. Most of our learners were hired for their dream jobs one month before the course completion.

TESTIMONIALS

WHAT OUR ALUMNI'S SAY

“

After graduating in 2019, I faced unemployment for nearly two years. Then, one day while browsing Instagram, I stumbled upon an advertisement about job placement. Taking a leap of faith, I enrolled myself, and it turned out to be the most rewarding decision I've ever made. Now, as a Python fullstack developer, I'm earning up to 6 LPA as a beginner, and I owe a huge thanks to BMS for this incredible opportunity.

Vikram

“

The job placement program I joined for five months was a complete game changer for me. Thanks to the skills I acquired from Boost My Sites, I landed my dream job as a data scientist in a Taiwanese company with a package of 7 LPA. I feel amazing and extremely grateful to Boost My Sites.

Ganesh Acharya

“

Thanks to the training received from Boost My Sites, I am now a Flutter developer who successfully secured a job through their placement program, earning an attractive package of 8 LPA. I am immensely grateful to the Boost My Sites team for the position I currently hold. Thanks a lot.

Karthik Kumar

“

Within a span of seven months since starting my learning program in February, I secured a position in a reputable MNC with a salary package of 6.2 LPA. I am very grateful to Boost My Sites for this opportunity.

Sujay

“

Being a commerce student, i always thought that i had very limited career options but this was just an excuse i was giving myself to avoid breaking my comfort zone after searching for top five money making career options. App development was the one i found! So without any hesitation, I went for it, and this journey of learning new skills. Boost My Sites has been my guardian.

Ashiwarya

“

Prior to joining Boostmysite, I had no knowledge about data science. However, thanks to the guidance of diverse instructors, I gradually built my understanding and gained solid expertise and conceptual training in data science, and i am placed with a package of 8.2 LPA thanks to Boost My Sites.
